Personalized Guest Favors

Your cocktail hour or reception will become an unforgettable event, leaving your guests with custom keepsakes they'll treasure forever. Each guest receives a custom piece created just for them during the event. Whether it's a hand-engraved wine glass, hot-foiled leather luggage tags, or something completely unique these favors are both meaningful and practical.

I'll arrive one hour before to set up and ensure everything is ready to go. My setup includes a clean and organized workstation that integrates seamlessly into your wedding decor. To maximize efficiency and ensure every guest has a chance to participate, I'll bring an assistant to manage the flow of requests and keep things running smoothly.

Customized Pricing for Every Wedding

Every wedding is unique, and so is our pricing. Several factors influence the final cost of the on-site calligraphy and engraving service:

1. Event Size

- The number of guests and the volume of personalized items play a key role in determining the scope of work. Larger events may require an additional calligrapher, preparation time, or materials. If an additional calligrapher is needed they will be sourced through me.

2. Timeline

- The length of the service impacts pricing. The service requires a minimum booking time of 3 hours, but extended hours can be added as needed to accommodate your event schedule.

3. Travel Requirements

- Travel fees may apply depending on the location of your wedding. For destination weddings or events outside my standard service area, additional costs will be discussed during the consultation.

While every event is tailored to your needs, you can expect the starting price for this service to be \$1,400. This base cost reflects the expertise, materials, and preparation required to provide an exceptional experience for you and your guests.

To ensure your pricing is accurate and reflective of your vision, I offer custom quotes during our initial consultation. Together, we'll review your event details, including guest count, materials, and logistics, to create a package that's perfect for your wedding.
